## faces of new york

Donate Tue, 11 Sep 2018 12:57:00 GMT facesny - The pace of sea level rise matters greatly to New York State. UCS has identified four New York communities that will face such chronic inundation by 2100, given the intermediate sea level rise scenario. But in the high scenario, this number climbs to 14 communities, including four of the five boroughs of New York City and notably affecting 12 percent of Manhattan .
